2.01 The previous meeting was a BBQ with East Bay Chapter, no minutes were taken.

2.02 Old Business: none

2.03 New Business: none

2.04 Announcements:

The City of San Francisco is releasing a Request for Proposals for disaster consultants.

The City of San Jose is releasing a Request for Qualifications for Plan Review and Engineering Peer Review

The next regular meeting will be at the new Stanford Stadium

2.05 Treasurer's Report: The President is working with the treasurer to sort out accounts.

2.06 Code Discussion:

A question was asked regarding the use of Smoke Guard product to replace a required elevator lobby. A discussion occurred regarding the use of such products in retrofit work and to protect corridors but not replace required elevator lobbies. It was noted the ES report limits the scope of use.

There was a discussion about the state requirements to post URM's that have not been retrofitted including a spirited discussion about the variety of interpretations about disabled access when the area of retrofit (attic space) is not occupied.

There was a discussion about the need run an ordinance through the City Council in order to update red, yellow and green placards for compliance with new ATC 20 requirements or other changes wanted by the jurisdiction.

It was noted there is a good program about the NIST report on the World Trade Center on NOVA, Ch 9
